

Federation Walk "the green beside the gold"

Seaworld Drive, The Spit, Main Beach

EXPERIENCE THE NATURAL BEAUTY OF THE GOLD COAST

Take a break and relax in the scenic landscape of Federation Walk.

Federation Walk Coastal Reserve – 93 hectares of coastal dunes – a unique fusion of native vegetation, dunes, open space and ocean views.

Situated on The Spit, this dynamic ecosystem provides a wonderful opportunity to get up close with the area's plant and bird life.

It's a great day out and a chance to discover and learn about the region's regeneration as you casually meander through the dunes and patches of rainforest.

A network of established paths and tracks throughout this beautiful reserve allow for hiking, jogging, cycling, birdwatching or simply sitting under the trees and listening to the birds singing accompanied by the sounds of the ocean.

Federation Walk starts in the carpark opposite the entrance to Sea World. It is a designated pathway that will lead you all the way through the Coastal Reserve to the Gold Coast Seaway from where you can take in spectacular views of the coastline. It's an adventure that takes you back to the untouched history of the Gold Coast.

Federation Walk - breathe, listen, enjoy.

PROUDLY SUPPORTED BY

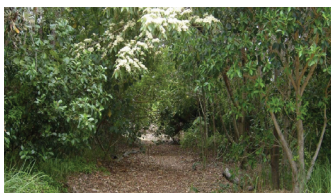

PHOTO BY JIM SNEDDON

With community, school and corporate involvement, plant growth at Federation Walk is phenomenal. Visit the site yourself and check out the 'green beside the gold'.
